

Grosvenor Press

August Edition

Here at Grosvenor we have been busy on new and exciting projects which have come our way. Completing works in Chifley and 100 William Street, the project's success have shown how Grosvenor is always here to offer premium service and provide solutions in glass, however big or small they may be.

Our Director, Sam Kikitis, again extends his greatest wishes to work with existing and potential future clients and is open to conversations with anyone wanting to retrieve a quote or information about a particular project. Quotes queries may be submitted on our website via the 'get a quote link', however you may also reach our Kingsgrove offices by phone on 02 9758 2400.

Grosvenor is focused on completing innovative commercial and domestic glass projects to the highest standards. We are always looking to continually train our staff in new glazing techniques and instill our mantra of providing 'solutions in glass'. We are now extending our team with the introduction of a new apprentice. We look forward to continually growing our team.

Things to come....

With new projects set to finish on our horizon, we hope to show you new pictures from our Google, Apple and Qantas jobs in the next edition of Grosvenor press. In the mean time you can see image updates on our instagram page. Make sure to follow us at @grosvenoraus and feel free to #grosvenorglass for any pictures you may have of our top notch projects that you have found interesting.

Featured Project

Maddocks – Angel Place

Project Overview

- Type of Work: Aluminum Doors, Air Louvres, Frameless Shower Screens & Partitioned Glazing
- Materials Used: Toughened & Laminated Glass
- Building Partner: FDC Construction

Grosvenor Australia Pty Ltd worked alongside their building partner FDC Construction to complete works at Maddocks, one of Australia's largest legal firms. The 14 week project saw the team complete aluminum doors, partitioned glazing and air louvers as well as frameless shower screens throughout the building.

Grosvenor provided glazing solutions in all areas of the project installing glass in a new reception area, meeting and boardrooms, a commercial kitchen, breakout area and open office area with workstations.

Partitioned glazing is one of Grosvenor's specialties, and this project highlights our ability to complete all types of projects. No project cannot be done, big or small; Grosvenor has your glazing solutions!

Upcoming projects

Grosvenor is happy to announce that we have been awarded with some new and exciting projects in the next coming months. Such works include office partitioning at Google's head offices, partition frames and glazing at TAB Warehouse in Granville and QCC in Mascot, just to name a few.

Working with our partners, Grosvenor prides itself on providing a premium glazing service to all its clientele, whether the job is small or large. Again, Grosvenor will aim complete the job to the same high standards we provide for all our projects
